

WASHINGTON, D.C. — Today, after a [federal court blocked an anti-voter law in Texas](#) , Representative Xavier Becerra (CA-31), Vice Chairman of the House Democratic Caucus, issued the following statement:

"Today's decision is a victory for democracy. By rejecting a rash of recent anti-voter laws in Texas, our courts of justice have protected one of our nation's most sacred rights: the right to vote. As federal courts continue to review other similar state laws, we look forward to the same sound and just results.

"Too many Americans have fought and died to protect our freedoms and our liberty. We owe them nothing less than vigilance in our defense of the Voting Rights Act so that no citizen is denied or obstructed from exercising their most fundamental rights under the Constitution."
